- 2) Each judge will first score all the samples for appearance of the meat. The turn-in containers will then be passed around the table and each judge will place a sample from each of the containers in the appropriate box on the judging plate. Judges shall not lick their fingers while taking these samples; paper towels, non-scented wipes or damp wash cloths are preferred. The judge will then score each entry for taste and tenderness, before moving on to the next entry.
- 3) The scoring system is from 9 to 2, all whole numbers between two and nine may be used to score an entry. 9 excellent, 8 very good, 7 above average, 6 average, 5

If there is a tie in one of the categories, it will be broken by the computer, as follows: The scores will be compared (counting all five judges) for the highest cumulative scores in taste, then tenderness, then appearance. If still tied, then the low score, which was thrown out, will be compared and the higher of the low scores will break the tie. If still tied, then a computer-generated coin toss will be used. 7a. In the event of lost, destroyed or missing score cards the remaining scorecards will be averaged in each category and those averages shall be used as the missing scores on replacement score cards. After there are six total score cards the normal procedure will be followed for dropping the low score. These correct scores will be the official scores for any and all TEXO purposes.
- 7) Total points per entry will determine the champion within each meat category.
- 8) Cumulative points for only the three (3) TEXO categories will determine the Overall Winner.
